Euro NCAP’s fitment survey looks at the availability of Autonomous Emergency Braking (AEB) on variants in a model range. The vehicle manufacturers shown on the graphs have indicated whether AEB is standard equipment, an option or is unavailable on each variant in a model range, for each country in the European Union. This information is illustrated by the coloured bars which show the proportion of the range with each type of fitment. The information is also aggregated across all of the models sold by the manufacturer.

If a manufacturer is not included in the table, it means they do not currently offer an AEB system on any of their models.

- **Green**: AEB is standard equipment. Buy with confidence
- **Yellow**: AEB is an option. Take care when buying to ensure AEB is included
- **Red**: AEB is unavailable
Fitment of Specific AEB Systems

- Audi A3: Pre Sense Front
- Audi A4: Pre Sense Front
- Audi A5: Pre Sense Front
- Audi A6: Pre Sense Front Plus
- Audi A7: Pre Sense Front Plus
- Audi A8: Pre Sense Front Plus
- Audi Q5: Pre Sense Front
- Audi Q7: Braking Guard
- BMW 3 Series: iBrake 3
- BMW 5 Series: iBrake 3
- BMW 6 Series: iBrake 3
- BMW 7 Series: iBrake 3
- Ford B-MAX: Active City Stop
- Ford C-MAX: Active City Stop
- Ford Focus: Active City Stop
- Ford Galaxy: Forward Collision Warning with Brake Support
- Ford Mondeo: Forward Collision Warning with Brake Support
- Ford S-MAX: Forward Collision Warning with Brake Support
- Honda Accord: Collision Mitigation Braking System
- Honda Civic: Collision Mitigation Braking System
- Honda CR-V: Collision Mitigation Braking System
- Infiniti EX: Forward Collision Warning & Intelligent Brake Assist
- Infiniti FX: Forward Collision Warning & Intelligent Brake Assist
- Infiniti G37: Forward Collision Warning & Intelligent Brake Assist
- Infiniti M: Forward Collision Warning & Intelligent Brake Assist
